The information here covers AQIS quarantine requirements only and is current on the date of transmission but may change without notice. AQIS makes no warranties or representations with respect to the accuracy or completeness of that information and will bear no liability with respect to that information. Importers must satisfy quarantine concerns and comply with quarantine conditions applicable at the time of entry. The Commonwealth through AQIS is not liable for any costs arising from or associated with decisions of importers to import based on conditions presented here which are not current at the time of importation. It is the importer's responsibility to verify the accuracy and completeness of the information at the time of importation.

It is the importer's responsibility to identify and to ensure it has complied with, all requirements of any other regulatory and advisory bodies prior to and after importation including the Australian Customs Service, Therapeutic Goods Administration, Department of Health and Ageing, Department of the Environment, Water, Heritage and the Arts, Australian Pesticides & Veterinary Medicines Authority and any State agencies such as Departments of Agriculture and Health and Environmental Protection authorities.

Importers should note that this list is not exhaustive. Importers should also note that all foods imported into Australia must comply with the provisions of the Imported Food Control Act 1992, an Act which is administered by AQIS.

Notification of the import must be provided to AQIS for all imported goods other than goods imported as accompanied baggage or goods imported via the mail and not prescribed under the Customs Act 1901. Notification must be consistent with Quarantine Regulations 2000 (examples include a Quarantine Entry or a Quarantine declaration).

Condition C10219

Non-Commercial

1. The conditions under the Commercial section apply.

Commercial

1. An Import Permit is not required.

2. A Quarantine Entry is not required.

3. Reconstituted wood products are not of interest to quarantine as they are deemed to pose minimal quarantine risk and can be released without inspection. Reconstituted wood products are those that as a result of the manufacturing process no longer contain solid wood and include particleboard, chipboard, hardboard (masonite), oriented strand board, medium and high density fibreboard. This case does not apply to plywood and veneer products. (Refer to the ICON commodity 'Plywood and Veneer'.)
