

# Protect & Elevate Your POP Displays

## Damage-Resistant, Floor-Safe Pallets Trusted by Top Brands

Unreliable pallets damage POP displays before they ever reach the sales floor. Litco's Engineered Molded Wood™ pallets protect retail displays in transit while delivering the clean appearance, floor safety, strength, and sustainability top brands and retailers demand.

- ✓ **Damage-resistant protection** — Trusted by Wonderful® Pistachios and Goya Foods to reduce shipping damage and deliver retail-ready POP displays.
- ✓ **Proven strength + durability** — Virginia Tech-tested for superior strength, stability, and stiffness.
- ✓ **Nail-free + floor-safe** — Protects retail floors from scratches, scuffs, dents, and costly damage.
- ✓ **Clean, one-piece design** — Sleek, seamless profile keeps POP displays retail-ready from shipment to sales floor.
- ✓ **Rounded corners + tapered legs** — Designed for safer handling and a polished retail appearance.
- ✓ **Space-saving nestability** — Nest 50 pallets in just 8 feet, cutting storage and shipping costs.
- ✓ **Export-ready** — ISPM-15 exempt, so international shipments clear customs without delays.
- ✓ **High-heat sanitization** — Processed at 350°F+ to eliminate bacteria, insects and resist mold.
- ✓ **Certified sustainable** — Cradle to Cradle® and USDA BioPreferred® certified.
